10 Building Blocks to Transform your Youth Group into a Student Ministry

Be Our Guest?

(Michele Adkins/Patti Berry/Tiffany Clark)

For first time guests, it can be a long walk from the parking lot to the pew...or in our case, cushy seats! A successful Guest Service's team is ready to receive ALL guests and support them every step of the way. In this session, participants will be provided with tips and tools on how to help volunteers understand the "why" behind what we do, thus changing the way we interact with our guests. We will also discuss what's working and what's not, and brainstorm ways we can help each other improve the way we care for our guests. (session 1 and 3)

Church Security? Do We Really Need That?

What does it take to get people out of their seats and into the community, or across the ocean? How do you identify the right target in your church so that you mobilize the right people from your church? How do you make the right people aware of the right things to do? We will explore these questions and more. (session 1 and 3)

Ages birth to five is a critical time in every child's development, children grow more quickly during the first 5 years of life than they ever will again.
